## About us

Tuk Tuk Factory is a Dutch automotive production company which has a fresh view on sustainable transport. TTF is fully devoted to develop, homologate and sell electric trycicles. These three wheelers are fun, accessible and above all perfectly suited for places where transport needs to be both clean and fun; They are "Fun & Friendly"! Clean transport in cities is one of the many applications where the TTF tuk tuks flourish, but also fairs, festivals, islands,

advertising are fields where the vehicles are at their best. The possibilities are endless.

Tuk Tuk Factory produces four types of newly designed electric Tuk Tuks. With the Thai tuk tuk as inspiration the vehicles have been improved on comfort, safety and durability.

The 72V battery pack of 14kWh will take the vehicle as far as 85 kilometers at speeds up to 50km/h. The electric driveline is build using high quality and durable components. All four types

comply to all applicable regulations and have been homologated for the European roads. In 2012 Tuk Tuk factory will produce 200 vehicles and sell them all through Europe.

# e-TUK CLASSICO

**100% electric  
three wheeler**

Customisable layout

# Tuk Tuk Factory takes you *further*

## Three ways to extend your range

Tuk Tuk Factory understands that different users have different needs. Sometimes you would like to extend your journey or speed up the

charging process. We offer three ways to expand your range.

### Lithium + 10-30 km

This high-tech battery pack gives the tuk tuk a lower weight and a larger range.

### Fast charger Charging time 6hrs

This charger can charge your fleet; up to 2 tuk tuks can be charged whenever it suits you. This charger requires a 380V socket.

### Speed charger Charging time 8hrs

This on board charger can charge your eTuk faster. This charger requires a 380V socket.

FAQ's	You need a B1 drivers licence for every e-Tuk.
	Various insurance and road assistance options are available.
	No taxi permit required to transport people (in the Netherlands).
	Zero emission also means very low road and vehicle taxes.
